

## **Eagle Rate Lock Procedures**

For your client to qualify for the current rates, applications along with cash or 1035/Direct Transfer paperwork must be received in our office by **4:45 p.m. CT Monday, April 15, 2019**. Transfer funds must be received by close of business on **Monday, June 10, 2019**.

This rate hold allows your clients to participate in the higher rates for one year on our fixed indexed annuities. They should expect a lower rate at their next anniversary if the strategy they selected is subject to this rate decrease. Their contract will renew at the same rate as other contracts with the same anniversary date.
